Added this is one quatters'allowance towards deary land & forming settlent gat Batcheewaning. - -This last item is at the rate of \$200 Lea annum which is to ain! If the grant that was applied The famchase of the land of the opening up of Fai fredered feltlement at Batcleewanning must takend very much on the assurance of is This grant from the Department. # 500 Our plan is to clear the mission farm, He land for which has alread been frunchased, build a boarding bouse for the boys, farm building to I parchase oscen, tools to, - employs the bays I do all the labour, I pay them at He rate of 30 ct. a day (wit hout & cloth) To at her de of the savaries to be put in the 25 Arvings Bank, I the used afterwards in the purchase toleaning of their our farms. The Department will I believe allow that then grant of \$ 200 per annum & this object will be asefulf employed if our plans as here

Stated can be carried out. Thave on to add that we depended a receiving to Departmental front of \$100 les Quarter to our Another, & of \$50 per Sunter to Batche waring from the 12 of July last, and that it was in dependence on the recrift of that grant that we Introduced several new Industries & also Commenced Jeration at Batcheewaring at that date. On chalustral dans at the ming Wolston even allowing for the Separtmental frant Showed a deficiency of \$259.18, this deficiency 4409.18. We feel that it is emprovible to trang on the parations of the Institution on the present seale unless this annual part bour Industrial Sund is assured tous. Thave Mehono to remain Ri J. The Applicate of Padie. Office

Thave received and dux acknowledged the receipt of payments Inade from the Indian Office to the Antport of Indian children Ties the Shingwark Home, but the further grant toward the Support of our ordusties for which Japplied May 15 " 8876 + to which O'received as I understood a favorable answer in four letters of May 26th and June 14th 1896 has notyet been remitted time.

The orl explanation that there It freamt received from the Department relation to the nontransmission of the amount fronter to our ondustries as Junderstoo from the Bol ful last was in a brief side note wader

Remarks' in the fruited form of Oct 11 18/6. as follows: - " Le Man items in y- account have not been provided for, and cannot be, until the project described in previous correspondence is carried out. Is the I replied Oct 25th that the about funder - Stand the meaning of the note: Fraccioned mo answer

I this letter, treiter has any remiltance been made either direct & myself or through IN Van about

The hon receift of the expects frank has placed us in great difficulties this winter. Having engage trookmen in the various branches (viz. timomith, taila, bottmaken or) and punchased tools regeted workshops, in reliance on the Departmental frank, it was infossible to draw back, and in order to meet our liabilities I had to borrow \$600.

all our Place funds are afterpriated, and me have not to all the Industrial Lund or 10th.

from & wildow for what I contain (whether wrange or Marine) understood was their intention of granting us \$400 for anoun from the Pofuly last from Industrial Gund, & \$200 toward the Dening up and sett on fost of a civilised Indian settlement at Batchee warring.

It is in and spirit of complaint, but in Armple

huth that I must state - that if this anticipated frant is to be withdrawn we must at once reduce our working staff of that up one or more from workship, and that the work at Brateleewaming which we had alread hopefully commenced that remain at a standardill, until dean make arrangement traine funds from the quarter.

9. Parents will be expected to sign an agreement stating to learn for which to are willing for their Children to remain in the Brotitation, before to can be admitted.

Cance) before the proper term is expired must provide clothing for them bleave in.

12 Bays running them bleave in.

12 Bays running thought back, the cost of brings them back will be brought back, the cost of brings them back will be charged to the parents, bey order of the Indian Department.

Intmitted for the approval of the Pupe feal of the Bodian Department.

dan the honor of inform your 232 Hat a bay named James Ritchie (Indian) aged 15 of Laugeen Indian Reserve has absconded from our Institution after two weeks residence. On the occasion of three boys escaping from our Home in august 1895, the Department gave instructions & the local agents to use their best endeavour to prevail on the parents back them back () to re-indure us on account of any clothing detained by escaped bays -Charges to same the parent, - and to charge half the Experse of fell the bays back the parents. In the present case, I was very unwilling to receive any boys into our Protetution of more than 11 years of age 9. Pare at entering, - I lott the Jauguer Indians to on the occasion of my visit there I weeks ago, I should Unas 10 Pare have repused to take this bay fames Ritchie, on that Cane) the father pressed me & do so. shortey Mother to circumstances it seems one one aight that 12 Bay will e (1) The parents should be comfelled treturn their Son to hem a us & pay his return passage. the the or (2) that they should be charged \$2 a week for the two weeks he was with us, as well as the cost of his passage when I hought him with me. The fribeking the want

the Hook for! of Indian affinis aug 233 Kata Lang The enclosed letter giving information Jack Me escape of an Indian bay from our mobilition Oal affords think another proof of the necessit of nia Jone measures being taken to obliged Indian parents hou to send their children to school at a proper age and m When at dehool theep them there for a proper period. na We have at the present time at the thingwank chang Home accommodation for about 60 boys, and aspe Golding to Departmental frant) - provision for the Dappart In R any be We are also engaged in building a second aten Institution (store) to be called the Warvaroch Home real for Indian Girls, which when Completed will have accommodation for about 30 goils. We are have fulling who the wing of the building on this summer & this we hope to open with about 10 girls in Goldhan. allah The erection of this building has been entirel through eite volutitary Contributions, and for the suffert of the 6 (1) fil we look to the dame downer. 12/19 It is poor encouragement tus in our work tw if Indian parents are permitted to take their children away from us at the end of the 1st 22 n 32 years 1.235 fre

and so fraduily its away with the idea of white and Indians being distinct races. I seems bus that this is the trut way to benefit to Indians of a future generation to promulgate the idea among them of the old Ordian Reserve Lystem being fradually done away wish, & themselve amalgamated with the White population. His Excellency, the fovernor General, on the recasion of his laying the foundation store of our Inditution expressed his approval of this principle. He How. In Lained has expressed his approved die of it, - and I believe the present head of the Ordin Department are also in favor of the plan. che for I but for these changes to be hought about acc a day ochool education, it must Itherite be acknow. free -ledged, dis prite inadequate. The Children require to be thoroughly disciplined bod while young, to be weared from many felty habit, A be laught to peak English fluents, to be drilled int activity of motion, politeness of demeanour, cleanline of person 4:, to be regulary instructed in some if todo - - Antin lastinh afterior > 14 . 237 24cm

before the and half taught for freitie to Lender 235 grade their living and the one can be infect to start the stime hour Institution when they run away. in also an unfortunate circumstance for as if we can only take into our Institutions just such Children and of such an age as the farent may Her we, and are obliged to pass over young intelligent look children whom we feel some would benefit for more & receiving a course of instruction. Our grand object in undertak this voluntary work, in brains the Indian from this fresent low degraded position, & to place them on an equal forting with their while neighbours, & Frake in fact Canadians of them, enjoying every privilege + blossing which Canadians enjoy. To do this we wish to take the Children at 10 a 11 years of age and keep them till they are 15 n 16 years old. During the last 200 3 years of him term with us the bays will be instructed in a trade of toward the end of Hen time receive d'one emoliment for their territor

wide or occupation by which afterward to may 237 make their living, and this ong can be imparted I them at an order trial school, such as there are alread deveral in Fatures how in Benation. My desire then in that he defrantment will Carnests direct its attention to the improvement of He ondustrial School desten among melain. as I to the titert to express myself in a Celler on the Bubject depth 16 1895 - do dwould beg again & refeal that I think "The Indian. En real reduancement require obe held with a domewhat airmor rand, and that if It will not do so" do so them at hould be made to amount of inducement will ead Ordian fravent to five up their children in a wonder was, to be Educated. I think to tendency of in discoments is rate & make them hold rack in the hope of He inducement being therea. I have invariably found had the Lighten Lat works beat in dealing with the Indians is just to go on and do what seems to be best and just and right, ye without and kneeds or offering any rewards Win to Mare at him

and hower much the mish steek to offer in hand rospon mussons book from for wall there as fire An the Lave begone datisfied when It Lave found What it was for their good in the fresh of the beof of that a law for the Compulary Reducation of monghan children in the same way as a law has been passed prohibiting the dale of liquen to Them, that the effect would be most beneficial. Ch Cannot see that any food would arise by bringing the matter before the Indian Councils; a large majorit of the men attending those Councils are finite incapable of giving a sensible opinion on the subject, many of the old men think that We are spoiling the children by educating them. If on the Her hand the spinion could be asked of those engaged in the education of Indians, it seen to me that the response would be very general in Javour of the measure being passed. On the 30 all. I offered for the approval of the Department a form of agreement for ordian parents brign on places their children under our Charge. With the approval of the Department of think that

alren

an m This may well be tried at a first step, but even \$39 is on a Some of the more sensible parents are induced to sign. the agreement, there will still be difficulty with the peat majorit of the Indian people who are NE MA unwill blave their children educated at all. There It seems to the that if the Industrial Polore System were fut on a good forting, & education among ordean made compulsory, that a freat Changer for the better would doon begin to manifest itself, & however much some of the ordeans might it first offere the measure they would soon recognize the benefit to be derived from it. In localitie where the number of Inderios is very limited, such as in the Parry Sound n Superintendency) + a day ochool can with difficult lie be supported, a large proportion of eligible children might if the Lystem were properly yanized, be y fo Sent the Industrial school; and in more thicky populated districts were her are day- Achorbs the in Peration, a certain number of the most pro-- mising might be drafted off annually for the Industrial course.

the ! If this Industrial ochool System instead 40 Asn of being left to the Charit of the philanthropic on to religious societies, were to be taken up by the foremment and for the next fift years take a prominent place in the Departments dealigo with the Indiany, Freceive liberal Juggert from Indian Sugar Junds, - if seconds, the enfranchisement am of the Indians of their becoming entitles to Lold propert in their own names, were to be made dependent in some measure on their proficing in Education, their Knowledge of the Sighish tongue, + their capability of carning Heir live lihood by some civilised employment, - if third - the annuit money of children Jup Jan age when to ought to be receiving education he arere to be applied towards to support of my Schools & industrial Institutions, and the attendance of the Children make in some way dent Compulsory - I feel persuaded Nat som loy the bar of distinction between Whites and Indian in , would be in a very freet measure hoken - mis. down, I that the White people would welcome the Indi

ondean among them as their follow estigine. 24.1 of de I believe that there is through Canada rolif a kindly feeling towards the Ordian race, foor that it is only their dirty habits, their undisciplined prom belaviour, and their speak another language, that Ke prevents their intermingling with the White Kessle. fun I believe that there is in the ordian a ferfect capability of adapting himself to the Customs of White people, + of receiving a high ma degree of education, but he wants the advantages In from him while young, and he requires to be drilled into the use of the advantage. Frenchding this perhaps to long letter, I will of add that I feel most frateful The Department for the Kind Consideration & read, acquiercence to my proposals that has So often been thewn, which assures me that the Department has the true welfere of the Indian at least, and I trust that Wetter directs or indirects somets may in due time result from the Ruggestin which have don Arentured report 10 1 m. nl. 100

The Secretaries- Societ for Para. Christin Knowledge Di Sris-Heg bintimate by in that I have

Secercial the sum of \$53.75 - equal & £11.2.2, by Sale of the Opition, nammar and Dictionary, and Mat they father (to Reve & Wilson) will hard you a chepne for that amount.

There also to intimate to per that the Ojibway Mazertok translated many years ago by the Revel De Comena, Peter Jacobs and Meno, is entirely out of print, and Thave been applied to be Metfollowing missions to procure permission from your Society of frint a new edition at the Society's expense. viz. - Garden Prion, Manitou wauning, Little Coursent and The privandah, Sarnia and Kettle Point Walpole Island, and Muncey Jown.

We have now an efficient printer, a new fress, and a fall assortment of type, and it would be a great help town Institution to undertake a work of this kind which would five employment for some time & come.

The impression among our missionaries is that a somewhat smaller book would be more suitable and they recommend that the rubics be frinted in English.

A presume that the Vociet have a copy at hand 26 of the edition of the prayer book which is out of frint. Flordon a loose page to hew the present size. at a rough estimate we think that we can paint 500 copies for \$375. The binding would lave the done in Foronts. If a larger Bumber were the frinted, He charge would be frostrationally less. We would be glad t submit to any regulations as How size quality of paper to proposed of the Lociety. 1/2 the dient Leavent

Shingwark Home Sault St Marie, Och Dor st 1877 A Superference Office affairs Than had the honor traddress Leveral letters the Department from time throw relative to part made to as & the Department in the Thing of 1874 - of \$600 per annum toward the suffert of eight aged bridean in our Institution, - which frank has never Latterto been later with, on account of our not having been in a position to make the use of it that was required by to Department. The frast Lallude to was made by letter to me from At Department dated Dees 15th 1873. Que reason for ast mak; use of the frank was that we found that no aged Indians seemed disposed to avail Kindley of the charit even though in many cases to appeared & having freat destitution and want. Linespirit; that the frank was not like the required for the purpose for which it was original made I have from time time Auggested the Department the useful objects tolich I thought it might be advantageous

The principal of these was a scheme for opening up a

Civilised Indian Settlement at Batotel waving Bay My last letter the Department on this subject bore date June 1 of this year, to the letter of lave not get received as decided rappy:

propose how to set the Batchewanning Ocheme on one side for the present, as being an object which it would require a large amount of funds in order to carry out as are had purposed, tour havi, the objects alread on hand that requires all our attention for the friends.

of Hood pur annum may be applied as follows: -

About two + a half miles from the Shingwank Some are have commenced arecting a second Institution for Indicen Joils. It is a stone building twill have accommodation when finished for about 30 pils, besides the Lady Superintendent, apartments.

used as kitchen & laundry, with dormitories overhead is already completed, I was opened for use on the 1st Western last with lady Superintendent, servant, and I hadian guils.

We still require \$2000 to complete to main building.

the annual cost of the Home for Salaries & general expenses will be a \$\$ 1000 hu annum. In addition to which there will be the Cost of board & clothing of each individual goil.

The \$1000 for arrown for General expenses we are Indeavour; traise of Rublic Subscription, I we have also promise of output for several guils.

I would earned wage upon the Department to allow the grant of \$600 to be applied for the benefit of this new Institution— the Warvanorh Home for Badiein girls.

Aut is from Och 12 1879 & Och 12 1878 be applied to Manilding Sund.

And I would ask that from Och 10 1878 onward the frank of \$600 be allowed us arrivally for the support of 18 girls 18 the Sublitution, It the same not as is not present allowed for the support of 20 boys in the thingwork Home.

In make the application Iwould be badd Nat our reison from with from the Matteterwain; soleme

for the present is that upon due consideration and after some experience with our bays it seems tous that it will be of more advantage them in after life & become incorporated with the White population Then bbe living on land specials set apart for havould also bag leave fremind Het Department that at the present time in the Shingwenk Some to 20 boys supported by the Department we have 28 boys suffortet from the sources, a fact which we Shink will bear Companion with the Schools partiets sufforted like spons from Indian fund. Jeel Kenfou some confidence in advanting my proposal for aid the Mawarock Home, and brust that it may meet with It kind approvally to Department. Law Mahonor the Li 7 12 obedient Lewant L'dward O. Henry of

and wife do hereby make agreement with Reve S. S. Wilson of Sault Ste Marie, algoma, Canada, as follows:

Shat in Consideration of the Sum of forty eight founds sterling (£48), fuaranteed to us annually for four years as wages, and our board, we do undertake to work faithfully for the Nev. S. F. Wilson, as farm man, to manage the garden, farm, and live - Stock, to cut down trees for fine wood in winter, I to make himself fenerally, useful; to cook, bake head, manage dairy, and attend to general house work.

The Conditions the that our wages be fraid as quarterly at the rate of £9-10-0 (equal to \$46. Canadian money) for quarter, for four years, the first flagment being three (3) months from the day we enter upon by. Wilson's Service; and that at the end of the term of four years the balance due of \$40 (equal to \$1994) be paid to us in a lump sum.

In signing this agreement we brink ourselves not to buy sell or traffic in land or then things on our own account without the approval and permission of the Rev. E. F. Wilson, during the term of our dervice with him.

Also, in the event of either of us being sick and unable townk for a longer period than a week we dall expect a proper deduction the made from our wages.
